CAMBY WISMER PASSES AWAY

Alured Servant of Lincoln County For 35 years — Represented Louth Township Before Becoming Clerk And Treasurer.

Camby Wismer, who resigned as clerk and treasurer of Lincoln county last May after holding that office for 35 years, passed away Sunday at his home at Jordan. He was in his 72nd year.

The late Mr. Wismer, who had been in failing health for more than a year, suffered a stroke on Friday and failed to respond to treatment. He died on the farm on which he was born and had lived throughout his life. He was the only son of the late Joseph and Hester Wismer, who were pioneer settlers in this district.

Mr. Wismer was always interested in municipal affairs and after serving as a member of the township council in the Township of Louth, he was elected reeve of the township in 1907. In the fall of the same year he was appointed treasurer of Lincoln county.

In 1923 the duties of county clerk were added to this office. He filled the county office capably and conscientiously for 35 years, always extending a helping hand to the many county councillors and wardens who sought his advice and assistance in their new posts.

He was well and favorably known throughout the county and his passing will come as a distinct shock to his many friends and acquaintances.

He was a past president of the Clinton Mutual Fire Insurance Co. and was chairman of the board of directors when he died. He had been a member of the Lincoln county board of audit since 1934 and was still a member at the time of his death. He was a valued member of the Jordan Station United Church.

The late Mr. Wismer is survived by his sorrowing widow, the former Celeste Culp.

Funeral services took place Wednesday afternoon at 2:30 from his late residence, Jordan with interment in Oak Lawn cemetery, Jordan Station.

Local Broadcast A Great Success

Four Amateurs Acquit Themselves Nobly Over The Airwaves—Program Presented Was Much Appreciated.

Grimsby amateurs did themselves proud last Thursday night on the Ontario Caravan broadcast, conducted by Rex Frost and special artists from C.F.R.B. Toronto, at Trinity Hall, over a National Network.

The first 15 minutes of the program was a series of moving pictures, in colour, of the last Biennal Festival held in Grimsby and the visit of the King and Queen to Canada, taken in Hamilton. This reel of film was taken and developed by Erwin Phelps.

When the real part of the program came on at nine o'clock, the large and appreciative audience were all eager and waiting.

Four local talent went on the air and their renditions are recorded as well in the "can factory" as they were in the studio, then Grimsby is almost sure of winning the three months contract that goes the winning amateur of the 10-series broadcast being conducted in 10 different towns by C.F.R.B.

All of our contestants performed marvellously. They were Misses Dorothy Eickmeier, Marguerite Hanna, Douglas Dick and Mr. Jack Azell.

Woodhouse and Hawkins and Maurice Boddington provided the fun of the evening and Roy Lockley and his orchestra of 14 pieces gave forth some of the best music heard in this district in a couple of decades. White Elephant Shop, sponsors of the broadcast report that they made a nice profit out of the enterprise.

Local connections on the wire and engineering part of the broadcast were handled by Reg. Slatter, local Bell service man.

LOTS OF DOUGH IN GRIMSBY

There is a whole lot more wealth in Grimsby today than was here this time last week. Over the weekend a large consignment of Canadian Victory Bonds arrived at the local branch of the Canadian Bank of Commerce. These are the bonds purchased by the citizens of the town and township during the recent campaign and they are ready to be issued by the bank officials, just as fast as the purchasers call for them. Don't let dough like that lay around.

Public Cause Of Butter Shortage?

Panic Buying Only Tending to Make a Minor Shortage a Huge One — Hoarders Will Have Losses.

Butter is a problem, these days and the buying public is two problems. So spoke one local merchant on Tuesday when queried by The Independent as to butter situation in town.

For three weeks now there has been more or less of a shortage of butter in town. But the question arises, was that caused because of a real shortage in the country, or was it caused by panic buying by the public?

Investigation tends to show that at least 60 per cent of the local situation was caused by panic buying.

There has been during the past month a certain shortage throughout the country, so far as monthly production was concerned. This is a natural drop in production, which takes place each year at this time.

But there also was drawn from storage supplies a larger quantity than usual, in order to try and supply demands, which to a great extent was caused by foolish purchasing.

One dealer reports that a woman came into his store on Saturday and almost as much as demanded five pounds of butter. He told her he had none at all. She got quite huffy over the matter and told him no. The dealer had never seen the woman before. She was not a customer.

All merchants report that they have people coming to them for butter that they never had deal in their places before. Other instances are of three or four people from one family all coming for butter at spaced intervals throughout a day.

People who are purchasing butter in this manner are not only causing a shortage but they will in the end find that it is a costly business, if they have very much of it put away in the refrigerator or in a truck down cellar, for it is a well known fact that creamery butter will not keep for any length of time without going bad.

Thanks, Andy

Grimsby residents had the pleasure on Sunday morning last of listening to their old pal, Andy Clark, extoll the virtues of his old home town.

On his regular "Neighbourly News" hour he broadcast nearly all the article which appeared in last week's issue of The Independent, re: our blood donors.

He quoted the figures and stated that he believed that the contribution of blood by Grimsby men was the highest in Canada for a town the size of Grimsby.

IF THEY WERE HERE TODAY

Here would learn the concert instead of the fiddle. And he'd have his own orchestra.

Horatius would become a traffic cop and hold up traffic on a bridge with a red light instead of a sword and shield.

John Hancock would be a fountain pen salesman.

Caesar would be writing his commentaries for the newspapers.

Dionogenes would be a flashlight manufacturer.

Damon and Pythias would be doing their act every night on the radio.

NEW STORE IS ATTRACTIVE

J. W. Baker Occupies Remodelled Premises — 1500 Feet of Floor Space — Old Bank Vault Removed — New Window Fronts.

In the past half century—since its construction in 1890, by the late Jas. Doran—the fine large brick store at the corner of Main and Depot streets has housed a lot of different business enterprises.

It is now occupied by Jas. W. Baker, with the stationery and novelty store, Mr. Baker having purchased the property in October from D. E. Anderson.

Workmen have been busy the past month remodelling the store and it is now one of the most attractive business places in town. Over 1500 square feet of floor space is now usable, this being made possible by the removal of the back partition and the old brick and concrete vault used for years by the Bank of Hamilton.

The ceiling has been covered with Ten-Tex soundproof board and a new birch floor laid. New lighting fixtures, new window fronts and complete redecoration make it a bright, smart place to shop in.

The old stairway that went upstairs has been removed; the heating system changed and toilets put in.

Shelving and counter display space has been more than doubled to what it was in the old store and there is plenty of shopping space in the aisles.

Mr. Baker opened his first store to the public in December 1937 and has gradually built up an excellent business.

Certificate For Honesty Awarded

Kenneth Fairbank Presented Over C. F. R. B. on "Young Canada" Hour—Found And Returned \$1,134. — Father Overseas.

It was with pleasure that Grimsby citizens listened in on C.F.R.B. at 5:30 on Tuesday night, for "Red" Foster, "Young Canada Hour" and heard one of our own young lads eulogized for his honesty and heard the awarding of a certificate and a medal to him for his action.

On Saturday, November 7th, Kenneth Fairbank, son of Captain Perry Fairbank (overseas for three years) and Mrs. Fairbank was riding to Hamilton on his bicycle. When nearing Stoney Creek he noticed a leather wallet laying on the highway. He stopped and picked it up.

That wallet contained \$1,134 in cash and cheques. He proceeded to Hamilton and immediately went to the nearest police station and reported his find. There were no identifying marks except the cheques. From these the police located the rightful owner, a driver for the McCall-Frontenac Oil Co. who suitably rewarded Kenneth.

When "Red" Foster was in Grimsby, at the Lions Club a week ago, since the "Young Canada" moving vans, sponsored by the Lowry Chocolate Co. he was told his story and immediately laid plans for Kenneth to appear over the radio and be presented with a suitable award.

Lions Bill Hewson and Howard Ingelhart, local McCall-Frontenac dealer, accompanied Kenneth to Toronto and Foster made arrangements for the high officials of the company to listen in on the broadcast.

Coming Events

The Sew-we-Knit Red Cross Group is to meet on Friday, December 11th, at the home of Mrs. R. Case, 8 Adelaide street.

Trinity Service Club will hold its Christmas meeting in Trinity Hall on Tuesday, December 8th, at 2:45 p.m. The guest speaker will be Mrs. Lyne, Grimsby, who will speak on Christmas decorations for the home. All members are urged to be present.

Operated Schools For \$219 Less Than Was Budgeted For — School Cadet Uniforms Would Cost \$15.00 Each.

POPPY FUND GRANT

Increased Number of Pupils From Township Attending High School — Pictures of King And Queen Replaced in Public School.

Grimsby Board of Education operated the local schools this year within one per cent of the amount of money that they budgeted for last January and that one per cent was on the credit side of the ledger. The January budget called for a total expenditure of \$28,753, and the actual expenditure was \$28,534.

Principal P. V. Smith of High School submitted a report on the purchasing of uniforms for the School Cadets. The uniforms would cost \$15 a piece, exclusive of boots, of which the board would pay \$7.50; \$2.50 at time of requisitioning, \$2.50 in 12 months and \$2.50 in 24 months. A grant of \$1.25 per uniform per year would be made by Military District No. 2, for upkeep. Several matters in this connection have still to be arranged so Mr. Smith was instructed to order 60 uniforms, if and when the Department of National Defence is ready to issue them.

Township Cleaned Of Scrap Iron

Over 20 Tons Collected In Recent Drive — Considerable Rubber And Rags — Waste Paper Plentiful.

North Grimsby township officials are highly elated over the success of their recent drive in the township for scrap iron and other salvage.

Working under the direction of Reeve Chas. W. Durham, the salvage crew, covered the township in a systematic manner and there was very little if any scrap missed.

Road Sup't. Theo. Mackie reports that he turned in at the town collection station well over 20 tons of old iron and steel and a few tons of rubber, rags and paper.

The town collection on Tuesday and Wednesday of last week did not net so very much in the way of rubber and iron but a large quantity of rags were gathered in and several tons of paper.

All told the two drives have brought in a great collection of stuff and when disposed of will give Jas. A. Wray, the Sultan of Scrap, a tidy sum to turn over to war charities.

Buried In Belgium

Body of Flight Sergeant Richard E. Bertram of Hamilton, recovered from the sea Sept. 15, has been buried in Ostend, Belgium, his father, J. H. Bertram was advised Saturday through information of German origin conveyed through International Red Cross.

A former student at Grimsby High School, Flight Sergeant Bertram later moved to Hamilton.

He was a grandson of Major-General Sir Alex Bertram of Montreal, and Dundas, Ont.

Landlords Warned

Landlords of St. Catharines and district were warned last week that they may be renting in violation of one of the orders of the Wartime Prices and Trade Board.

Arthur Cavers, Regional representative of the Board, explained that every verbal or written contract for lease or renewal, made since last April 26th, must be reported to the Board.

If an investigation is made and no report has been turned in by the landlord, he may be charged in court.

Several landlords in Brockville were fined last week for this violation.

Very few of these reports have been made, and Mr. Cavers urged landlords to secure forms—R.C. 46, for the necessary information so that his office immediately may know of renewed leases or new ones on record by the Board.

Memory of Three Former Pupils Honoured — Gave "Their All" For King And Country — Members of R.C.A.F.

LARGE AUDIENCE

Program Provided by Pupils — Scholarships And Medals Presented — Gathering Addressed by Lt.-Col. H. G. Morrow, L. & W. Regt.

Last Friday evening Grimsby High School was again the scene of the annual Commencement.

The program was in the form of a memorial service "dedicated in loving tribute to: Flight Sgt. Pilot Richard Bertram, Sgt. Air Gunner Robert Griffith and Pilot Observer Perry McLean, all members of the R.C.A.F. and graduates of Grimsby High School who have given their lives in the service of King and Country during the past year."

The opening chorus "O Canada" was followed by the reading of a remembrance verse and a tribute of a minute's silence was observed after which the scripture was read by Donald Watt, President of the Students' Council; the Lord's Prayer repeated, and "In Memoriam" sung by Douglas Dick. Following this, the audience joined in the singing of "Onward Christian Soldiers."

In his opening remarks, Principal P. V. Smith spent some minutes in discussing the new Defence Drill Training, in view of the fact that no Parent-Teachers' meeting has been held this year.

Following this the boys demonstrated their athletic ability and

Nice Compliment Paid To The Town

A. L. McClelland, President of U. D. L., Says Grimsby Is Only Place Where Tax Reductions Have Been Made.

A very fine compliment was paid to the Town of Grimsby and its municipal officials last week, when Mr. A. L. McClelland, President of United Distillers Limited, Vancouver, B.C., visited the local unit of the corporation.

In conversation with Mayor Johnson, he complimented His Worship very highly for the manner in which Grimsby had treated his concern, not only at the time of purchasing the local plant from the town, but in numerous ways since that time.

He particularly stressed the fact that "our company owns a great many pieces of property in several different municipalities in Canada, but Grimsby is the only place where the taxes on our property have been reduced. This reduction of taxes has been a help to us and certainly must have been a great aid to your citizens generally."

During conversation it was learned that the Grimsby branch of the United Distillers has paid into the Dominion government since the first of the year, in excise taxes, for goods taken out of bond here and shipped, over a half million dollars.

FRIENDLINESS

I got knocked out of my high chair twice in one day last week when I called a certain business place in town, over the telephone, in the morning, and then again in the young afternoon, to hear a pleasant voice say "Good Morning" — "Good Afternoon", this is Hewson and Son, whom would you like to speak to? I thought about that greeting. I don't want to buy baskets, I wouldn't know what to do with them if I had them. As a matter of fact I wanted to find out from "Bill" about his blood donor situation. But I can understand why a strange man coming into this district to take up fruit farming would deal with Hewson & Son, if he first tried to make contact by telephone.

Facts and Fancies

Frank Fairborn, Jr.

I WONDER—

Fourteen thousand men out on strike at Windsor. All because the Ford company will not pay 37 women the same rate of pay that 37 men would get. At the same time the Union officials say the fault lies at the door of the Labor Minister.

Fourteen thousand Canadians fighting somewhere on some battle front trying to save the lives of 37 million women and not asking what the women are getting or themselves either. Moreover they are not blaming anybody for anything.

Elliott M. Little resigns as chief of the Selective Service because he cannot make any more headway with the case in hand than a blade of straw against a tornado. Labor Minister Mitchell says Little wants to be a dictator. Labor Unions all over Canada uphold Little (along with the majority of other Canadians) and demand the resignation of Mitchell.

What Canada needs today, more than it has ever needed, since the days of Confederation, is a Sir John A. Macdonald; a man who would lead his people for the country's sake. Not for votes.

A people cannot be united without a leader. Our people are only united today because of their own free will and common knowledge of the good that will accrue. Not from any leadership that has come from Ottawa.

This argument that we must be diplomatic and show a Christian attitude is all right in its place. How much diplomacy did Vic Odum, a governmental ambassador to a foreign country, show a week ago, when in a speech at Toronto, he criticized the citizens of Toronto because they preferred freedom of speech to following the leader?

I followed the leader once playing "Run Sheep Run" and I hit a tree and broke my nose. I am certainly not going to break my nose or any other part of my anatomy following the leader I have now, but I would break my neck in trying to win this war.

I sometimes wonder if it is all worth while. If this country of ours had been brought up under British Freedom, British Laws and British Institutions, then where would we be? I WONDER.

"I SHALL NOT WANT"...

"I often repeated the Psalm, 'The Lord is my Shepherd, I shall not want,'" wrote Vern Haugland, Associated Press correspondent, lost in New Guinea jungle for six weeks.

"I would be unable to go one step farther, and then I would remember, 'I shall not want,' and sure enough, there'd be some berries or chewable grass or a creek with good water just ahead."

Many a British or American lad is having occasion to remember his early training these days and to rely on the truths he was taught at his mother's knee or by some consecrated Sunday School teacher. This courageous correspondent says he knows God saved him.

"Thou preparest a table before me in the presence of mine enemies," runs the best known of all the Psalms. Though it was only berries and grass, yet "the table" was sufficient to preserve Vern Haugland. And did he remember, when he took off his socks and gave them to a shoeless companion, "I shall not want"?

WHERE IS THE JUSTICE?

Where is the justice in the situation in which the taxpayers of Canada provide every government employee, and their name is legion now, with a cost of living bonus, and the dependents of soldiers, sailors and airmen are left out on the end of the limb, with no consideration whatever as to the heavily increased expenses for their bare existence?

There is a mental revolt among a large number of fair-minded Canadians against this rank injustice. Factory men, in fact most employees receive a cost of living bonus and have for a long time past.

The wife of a soldier and his children are left to skimp. There have been distress cases by the hundreds, and families have been dispossessed, because allowances have not been adequate.

If, within a six month lapse of time, this nation could raise Victory Loans of nearly a billion each, it surely can do justice to the dependents of the armed forces, when their men are willing to give up something which no money can buy or restore, their very lives.

Thousands of government employees, home in security, comfort, nay luxury as compared to conditions in war torn countries, receive a government bonus to sustain them in their living cost.

The man overseas, without doubt, wonders if his family at home is getting by, if the faith of government and people is being kept, while he offers his life on the common altar of freedom.

Surely in the name of national decency and national respect, this unfair, unjust, inequitable condition, militating against united war effort and devotion, will be wiped out soon. It has existed so long that it is an abomination on the body politic.

CHRISTMAS SHOPPING

With Christmas gift selections more limited this year, shoppers should start out with an open mind. There are still plenty of suitable gifts on display, but it may often be impossible to find the right one.

Gift specialists are trying to impress customers with the need for making a quick decision. If you find something that you like and then go home to think it over, you may come back to find it gone; and "gone" these days may mean entirely out of stock.

This year's Christmas shopper will find some familiar lines gone with the wind of war; for others there have been some clever substitutions. A long list of metal products, of course, has disappeared from gift shelves. Such heavy volume as hand-wrought aluminum ware, pewter and Flemish copper are out for the duration, there being only a very limited supply available from stock.

In the absence of metal lines, woodenware is being pushed this year. All types of wooden trays, dishes and utensils are being prominently displayed. Many of these articles come from British Columbia; some replace woodenware formerly imported from California.

Grimsby merchants will do their best to supply the needs of the buying public, but advise shopping early to avoid disappointment.

KICKED INTO GREATNESS

The vast improvement in news dissemination during recent times has been an inconvenience to a certain kind of a practical politician.

A speaker used to have some privacy as he harangued his audience. He enjoyed a reasonable hope that what he said in one place might not get around to another place. This permitted considerable scope in dealing with matters of local interest.

Canada has no national daily newspaper, and a politician with something on his mind exclusively for home consumption is not likely to tell about it over a coast-to-coast hook-up on the radio; but the local newspaper will cover his speech, and then the wires will carry the gist of it, and newspapers all over the country will inform their readers what was said.

This makes life hard for a man who seeks to be elected in one constituency and be part of a government supported by many other constituencies. The newspaper interferes with a parochial politician's freedom of speech by giving him too wide an audience. They force him into paying some attention to the problems of the people outside his own riding.

Thinking along that line may in time turn him into somewhat of a statesman, which would mean that the newspapers had rendered one more service to their country, as any country can be great if it has a few statesmen.

Away Back When

Frank Fairborn, Jr.

MY GOOD friend George Wilson, an old Grimsby boy, now in the shipping department of the Fleury plow works at Aurora, informs me that the Fleury Co. still manufactures plow shares for the Grout plow. He believes that there are a large number of these plows still in use in Southwestern Ontario, judging from the number of shares that are shipped out every year.

December, 1912, and from reading the advertisements in The Independent for the issues of that month, Grimsby was preparing for a real joyful yuletide. As usual at rush seasons of the year the service on the H. G. & B. was terrible. In fact the Saturday before Christmas it was completely demoralized. Christmas that year fell on a Wednesday.

High winds prevailed during the first part of the month and considerable property damage resulted. Smokestacks were blown down, roofs ripped off freight cars and electric power was off for several hours on different days. Warden Cruise (of Louth) held the Warden's annual banquet in St. Catharines. A suggestion was made in Ottawa that King George V and President Woodrow Wilson shake hands across the International border at Niagara Falls, at the 100 years of Peace Celebration, in 1914. Beautiful pianos for Christmas gifts were advertised at \$100. Lincoln County council sat in session for 10 days. The boys needed the fees.

Last meeting the year for 1912 was held. Fire Chief Walker complained that heads of other village departments were using the fire hall for a store room and it was almost impossible to get the fire apparatus in and out. E. E. Johnson was reeve and his council was Wm. Mitchell; W. F. Randall; Hugh D. Walker and somebody else whose name does not appear in the report of the meeting. Cataract Power Co. having made and broken a dozen promises to the council to better street lighting, council decided to lay a complaint before the Municipal Board. The Old Town Hall was a paying concern, showing receipts for the year of \$57.67. Depot street had just been given a new coating of crushed stone. Council unanimously endorsed the fight that The Independent was waging against the H. G. & B. for better service.

North Grimsby council held an all day session.

with Murray B. Smith in the reeve's chair. His council was J. H. Alway, N. R. Sutherland, Hamilton Fleming and W. W. Beamer. Thos. W. Allen was clerk. A plan to subdivide a certain portion of Grimsby Beach was submitted by H. H. Wyllie and approved by council. Township council also backed up The Independent in its H. G. & B. fight.

Stoney Creek residents were all in a flutter, over the discovery of a nude woman, headless, on a farm two miles north of the village. It was later found out, that the body was that of a Mrs. Henderson, from Burlington Beach, who had disappeared from her home several years previously.

Wine From Other Presses**"... Some Bad Nights"**

(J.E.M., in Saturday Night)

We were waiting for the bus, as we have waited every working day, staring at one another, but not speaking because we hadn't been introduced. A number of us picked a newspaper out of the box, put in our three cents and read the headings with interest. Once in the bus we would go into the love with some earnestness, turning over pages and poking our elbows into a neighbor as we always do. One of the prettiest of the girls peeked with sidelong glances at the paper owned by the stately man with grey hair and three chins. The rest just stood around.

Down the street in haste came a smart woman of any age between thirty and fifty. She came to the paper box, put in some silver and took out five copies of the paper. Someone must have raised questioning eyebrows, for she turned with her head held high and with a world of pride in her eyes. "I need a lot," she said. "My boy won the Distinguished Flying Cross this morning."

She turned back towards her house up the street and departed just as the bus arrived. We all started talking at once and—it is possible that some of us may get acquainted before the winter's over. The bus-driver made the same comment: "That makes up for some of her bad nights."

One of Grimsby's precious youngsters said to her daddy, the other day, "will Santa Claus visit Hitler on Christmas?" "Sure!" replied her daddy, "but his name is Timoshenko."

Sunday School Lesson

SUNDAY, DECEMBER 6th

The Meaning Of Church Membership

Paul's Epistle to the Colossians 3:1-17.

GOLDEN TEXT

Now ye are the body of Christ, and members in particular.—1 Cor. 12:27.

An Introduction to the Lesson

Strictly speaking, the only church membership definitely mentioned in the New Testament is that of membership in the body of Christ—which is the Church in its universal aspect. All believers, in this sense, are members one of another, that each one should function for the good of all. Believers may be viewed as members of that special company into whose fellowship they enter as they voluntarily associate themselves with fellow-believers for worship, keeping of the ordinances and prayer and testimony.

A Lesson Outline

The Church of Christ is composed of Heavenly citizens, men and women who have become identified with Christ by faith.

Life in new creation.

Colossians 3.

- 1.—Resurrection (verse 1).
- 2.—Contemplation (verse 2).
- 3.—Identification (verse 3).
- 4.—Glorification (verse 4).
- 5.—Mortification (verses 5-7).
- 6.—Transformation (verses 8-11).
- 7.—Conformation (verses 12-16).

The Heart of The Lesson

As members of the new creation of which Christ is the exalted head, believers are called upon to recognize the precious truth that they are one with Him in death and resurrection. They have died to the old life, and are now alive unto God.

Application

If all the members of your local church were just like you, what kind of church would it be?

If every church member were just like me, what kind of a church would my church be?

The 1942 production of bituminous coal in the United States is expected to reach approximately 560,000,000 tons, and that of anthracite more than 58,000,000 tons.

During the past summer the greatest amount of coal in the history of the United States has been stored in industrial stockpiles, householders' bins, and dealers' yards; over 75,500,000 to August 1, which is still short of the nation's needs.

The Legend Of The Water Lily

In the old days it was the custom for the Indians to sit at the door of their tepees after the day was done, or around the fire when the nights were cool, and discuss the happenings of the day. So they would sit and watch the bright stars appear one after another on the dark blanket of the sky.

One evening, as they were talking, a strange thing happened. One star seemed to leave the rest, and fall like a flaming flower nearly to earth.

"Aw! aw! What can this mean?" cried the women in alarm. "Ugh!" said the warriors, for they didn't know either; and they went off to their tepees.

Now that night (so the Indians say) one of the young braves had a dream, and at once he called the wise old men of the tribe and told them about it.

"I dreamed that the Shining Star came down and stood beside my couch, and, behold, it was a maiden, white, and very beautiful. She said, 'Brother, I have seen the red people from my place in the sky, and I love them. Tell me where I may rest so that I may live among them for ever'."

Then all the wise men grunted at once, and they all began to talk together, but they came to no conclusion.

Only one kept silent, and when the rest were finished he spoke: "Let the Star Maiden choose for herself," he said. "Whether she chooses to dwell in the top of the pine tree, or in the heart of the prairie flower, she will be welcome among us."

And all the wise men grunted again, and said, "We have spoken."

The young man pointed and they all looked, and they saw the star come slowly down and settle in the top of the tallest pine. Then it floated on again, to come to rest on the prairie slope. A moment later it sailed on again, and on and on, out over the lake, and came at last to rest on the smooth surface of the water.

The next morning the fringe of the lake was covered with shining, starry blossoms with fragrant golden hearts.

"The night stars are blooming in the waters!" the children said, but the wise men said, "Nay, the White Star has brought her sisters down to live with us."

You may see them for yourself, any summer day, floating on quiet waters. We call them water lilies.

CURE FOR MELANCHOLY

I once gave a lady two-and-twenty receipts against melancholy: one was a bright fire; another, to remember all the pleasant things said to her; another, to keep a box of sugar-plums on the chimney-piece and a kettle simmering on the hob. I thought this mere trifling at the moment, but have in after life discovered how true it is that these little pleasures often banish melancholy better than higher and more exalted objects; and that no means ought to be thought too trifling which can oppose it either in ourselves or in others.—Sydney Smith.

Come Wind, Come Weather

There are many fine songs to be found in the pages of John Bunyan's Pilgrim's Progress, but none more stirring than The Pilgrim's Song.

This song is interpolated, without an introduction, at the end of a conversation between Valiant, a certain Pilgrim journeying to the Celestial Country, and Great-Heart, who was guiding Christiana and her family on the same journey. It is open to us to assume that it was sung by the whole party, it being their custom to hearten themselves on the way with psalms and spiritual songs.

In much less robust form the song, it is not a hymn, appears in some church hymnals. The air is traditional, Monks Gate, it's called, and we like to think it is the one to which our pilgrims trolled out the song on their way to the world which is to come. And if so, it is a tune which must have been sung often by the redoubtable John Bunyan himself.

It makes a rousing soldiers' song, especially the original version. We append the first of the three stanzas.

"Who would true valour see,
Let him come hither!
One here will constant be,
Come wind, come weather.
There's no discouragement
Shall make him once relent
His first avow'd intent
To be a pilgrim."

The First Snow

That is, it was the first snow to survive the night. All day Sunday it fell gently and damply, clinging to everything it touched. It hung in scallops along the edge of the greenhouse roof. Not a breath of wind stirred and the trees and shrubs, telephone wires, fences and clothes lines carried a high ridge of snow on their backs.

Mountain and lake were completely hidden behind the thick grey curtain of falling snow. Yes, it was grey. Back of the curtain could be heard the whistling of the trains over the mountain; so everything's all right up there, even if we can't see it.

Just before dark we got into rubber boots and outdoor clothing and armed with a clothes prop went off to the woods to see how the trees were enjoying it. With the clothes prop we relieved several small evergreens of their load of snow, thus removing the danger of the branches, and maybe the tree itself, breaking down. Everyone who grows evergreens, small or great, knows this trick.

In an apple tree beside the path a bird's nest that we'd never noticed before was heaped high with snow, and every tensile on the other side of the fence wore a tall white bushy; a few withered apples still attached to the tree were topped with what looked like a generous helping of whipped cream.

A world of care shut out by the soft-falling snow and a peaceful day within,—a good day to put the finishing touches to the Christmas cards which must go out this week to avoid straining the postal services as the great Day approaches. We make each card a letter as well. The cards for England went out two weeks ago with fair hopes of arriving in time for Christmas.

"Take winter as you find him, and he turns out to be a thoroughly honest fellow with no nonsense in him, and tolerating none in you, which is a great comfort in the long run."—Lowell.

How It Works

Here is a letter from a Northern Ontario town which speaks for itself.

Dear Woman-next-Door: Here we are at last comfortably settled in a three-room basement flat in a nice part of the town, and only three doors from the Collegiate which Judy attends. The rent is \$20 a month, hot and cold water included, and garbage service. When you take off what we were paying a month for Judy's board and room, as well as bus or taxi fares, it isn't so bad.

Before we moved our few things up from the farm, Dan went to the Selective Service office to see if he could get work, and was told he would be given work on the Airport. When he went to get on after we were settled, they told him men were being laid off because there was a shortage of lumber.

Now we are in a fix, for he can work only three days anywhere without a permit, and they seem to be trying to make him take bush work at Temiskaming, which he has never done.

We had a pamphlet at the farm asking farmers to go out to work if they could. It did particularly mention the bush and mines, but also factory and other work which would help the war effort.

The Manager at the Selective Service office even told Dan that he would no longer be classified as a farmer, having moved off the farm. That makes me wild, as another man in the same office advised him to do so, and all we had to get rid of, anyway, were a few hens and vegetables. Our idea in coming was to get good work in winter so we could farm with a little greater chance of success in summer.

I guess this Selective Service will be a good thing when it is working properly, but it is so new they don't know themselves what they are doing.

Affectionately yours, in spite of the grumbling—MDG.

Our Weekly Recipe

If you can squeeze just three quarters of a cup of brown sugar out of your ration, you can make an old-fashioned five-pound fruit cake. It will take 4½ cups sifted all-purpose flour, 1½ tsp. soda, 1 tsp. salt, 1½ tsp. ground ginger, 1½ tsp. ground cinnamon, 1 cup dried prunes, 1 cup dried apricots, 1½ cups raisins, 1 cup dried figs, dried citrus, 1 cup nuts, ¾ cup butter or shortening, ¾ cup brown sugar firmly packed, 3 eggs, 1 cup honey, 1½ cups sour milk or buttermilk.

Sift together first five ingredients. Wash fruits, except citrus, in hot water. Drain, cut fruit and nuts into small pieces. Stir in half a cup of the flour mixture. Cream butter. Add sugar gradually. Add eggs. Beat in honey. Add flour mixture alternately with sour milk, scraping down bowl and beating after each addition until batter is smooth. Beat in fruit mixture. Pour into large greased and floured tube pan. Bake in slow oven of 325 deg. F. for about two hours. Cool when you draw it triumphantly out of the oven, call it Sunbeam.

Our Weekly Poem

STOPPING BY WOODS ON A SNOWY EVENING

Whose woods these are I think I know.
His house is in the village though;
He will not see me stopping here
To watch his woods fill up with snow.

The little horse must think it queer
To stop without a farmhouse near
Between the woods and frozen lake
The darkest evening of the year.

He gives his harness bells a shake
To ask if there is some mistake.
The only other sound's the sweep
Of easy wind and downy flake.

The woods are lovely, dark and deep.
But I have promises to keep,
And miles to go before I sleep.
And miles to go before I sleep.

Grimsby Student Wins Scholarship

At the Autumn Convocation of McMaster University held on Saturday last, a former student of Grimsby High School was among those honoured, the Niemeier Scholarship in Arts being divided equally between Mackenzie Lounsbury of Smithville and Hanna Hamerschlag, Grimsby.

Those who knew her as a student at the High School predict a brilliant career for Miss Hamerschlag, who is now attending Toronto University.

Popular Design

Among new Canadian fashions designed for winter is a smart grey wool jersey dress with trimmings in red, which is pictured above. The dress is modified in design to conform with Wartime Prices and Trade Board regulations which means that 182 dresses are now being made out of the 275 yards which was formerly required for the manufacture of 100 dresses of similar design.

I.O.D.E.

The War Service committee, Lincoln Loyalist Chapter, I.O.D.E., reports packing and shipping 125 Christmas parcels to local boys on active service. Each box contains three pieces of woolies, toilet articles, sweets, gum, and handkerchiefs, and is valued at \$3. These Christmas parcels are also going to Grimsby women serving in the King's forces.

In addition, twelve ditty bags were packed and sent into I.O.D.E. headquarters for the Navy League, each bag being valued at \$4.

The sending of these gift parcels was made possible through the generosity of the following organizations: The Lions Club, Canadian Legion, Town Council, Grimsby Fire Department, Grimsby Salvage Committee, Brock Snyder Company, and many other friends of the chapter. Each recipient was informed of the community spirit which went into the preparing of the parcels.

The committee is grateful, too, for the whole-hearted support of the community in the sale of tickets for the Fur Coat draw, one piece coming to Grimsby.

It was with regret that the committee received the resignation of the war convener, Mrs. Walter Westlake, who expects to leave town in the near future. Mrs. Westlake will be greatly missed on the committee, as she was most generous in giving time and effort to the many calls which go with the office.

Mrs. P. E. Fairbank, Oak street, has been appointed War Convener for the remainder of the chapter year.

Mrs. Harold Johnson, reporting for the educational committee, said that prizes were being given for Scripture memory work in both the high and public schools; an honour roll is being presented to the high school for the names of former students now in the armed services, the number on the list now reaching a total of 212. The committee will also forward the chapter's annual box to its adopted school in Northern Ontario.

Mrs. William Lothian was appointed as convener of Immigration and Canadianization committee for the balance of the chapter year, replacing Mrs. Frank Miller, who resigned owing to ill health.

Mrs. Cecil Gowland read the report on the 50th Girl Guide Company, prepared by Mrs. Gordon Sinclair. The Guides were recently inspected by the field secretary, and six Brownies were moved up to the Guides. Miss Miriam Cline gave a talk on Post-war Reconstruction. Ten dollars was donated to the chamber of commerce cigarette fund and a donation was also made to the League of Nations society. Mrs. Bevrie Moore was made an honorary member and Mrs. William Webster was accepted as a new member. Ms. L. A. Bromley, regent, presided.

St. John's Ambulance Course

The St. John's Ambulance Course, being organized by the local branch of the Red Cross, has been granted permission by Mayor E. S. Johnson to hold its sessions in the Council Chambers.

The class will get under way very early in the new year, and Miss A. M. Crane, who is in charge of the preparations, reports a most encouraging response from applicants. Others who desire to make application or who wish further particulars, may telephone Miss Crane at 527 or 218-J.

Dear Editor:

I have today been shown an item cut from your paper of September 10th Entitled "Away Back When", by Frank Fairborn.

I have no idea who Frank Fairborn is, but his kind tribute and remembrance of John Blair who was my father gives me great pleasure and I would so much like to have the article. I am enclosing a dime hoping you may be able to send me a copy. Thank you.

Local Branch Formed

At a meeting held on Tuesday evening in the Council Chambers, the Consolidated War Services committee decided to form a local branch of the Navy League of Canada, Ontario Division.

Mrs. Claude Boden presided, and introduced the speaker, B. S. Cannon, field secretary of the Ontario Division, Navy League of Canada, who urged the formation of a branch in Grimsby.

The following officers were elected: Chairman, James R. Gibbs; Vice-chairman, A. J. Chivers; Honorary Secretary, Mrs. Harold C. Johnson; Honorary Treasurer, Mrs. Victor Catton.

Mayor E. S. Johnson expressed his deep interest in the work and purpose of the Navy League, and assured the newly formed branch of his support.

Applications for membership may be sent to the Hon. Secretary, Mrs. H. C. Johnson, who will notify the applicants when their election takes place. There is no joining fee, and badges will be presented to accepted members.

Mrs. Harold Johnson, reporting for the educational committee, said that prizes were being given for Scripture memory work in both the high and public schools; an honour roll is being presented to the high school for the names of former students now in the armed services, the number on the list now reaching a total of 212. The death on Saturday last of
George M. Hendrie of Hamilton, in
New York, on his way to Florida
for the winter, caused Ald. Robert
Lewis to bring to light an almost
forgotten fact, that of the "Five
Johns" of Hamilton. When the
Cataract Power company came in
to being (later the D.P. & T. now
the Hydro) in the early 90's, it was
the first company in the world to
transmit electric energy a long
distance. That company was really
just five men, the "Five Johns";
John Patterson, the dreamer; and
originator of the idea; John Moore;
John Gibson; John Dickenson
and John Sutherland. "Bob's"
memory never fails him.

Mrs. Clara McGill, Gorwin ave.,
Niagara Falls, Ont., sustained a
severe fracture of her left hand
Thursday night when a car, driven
by her husband, crashed into the
rear of one in charge of Ernest
Marshall, 1257 King east, Hamil-
ton, at the Elizabeth street inter-
section on the Queen Elizabeth Way.

A list of former pupils of the
Grimsby high school now serving
in the armed services is being com-
piled and it is hoped that a com-
plete photographic collection may
be secured. While far from com-
plete, the list already contains over
100 names. Four have lost their
lives—three overseas and one in
Canada.

Councillor Wm. Mitchell added
two more War Savings Stamps to
his "Piggy bank" last week when
he read the grouped advertisements
on page seven of last week's paper.
He received them through the
Grimsby Planing Mills. Other win-
ners were G. M. Beamer (Thea's
Grocery); Miss Florence Laing
(Ogilvie Beauty Salon); Mrs. W.
Gallichan (A. W. Dickson &
Son). Who's next?

1943 calendars are making their
appearance. An interesting fact in
this connection is the date of Easter
for the coming year, April 23.
This is the latest date in which
Easter may be observed, and 1943
the only year in the twentieth cen-
tury when it will occur on that
date. The date of Easter is governed
by the phases of the moon, and
may fall between the date of
March 22 and April 25.

From Lieut-Col. H. G. Morrow
officer commanding the 2nd (Re-
serve) Battalion, Lincoln and Well-
land Regiment, it has been learned
that 90 per cent of the 800 men
on the strength of the regiment
when war broke out are now over-
seas. A total of 1,060 men have en-
listed for active service through the
L. and W. and the reserve unit now
has 666 on strength. Several
Grimsby and district men who were
members of this regiment are now
overseas.

Patent rights have been granted
to Reuben Aspinwall, editor of the
Kitchener (Kitchener) Radio, on a
new type of "gas apparatus", for
all makes of cars and tractors;
eliminating the present complica-
ted mechanism of the various car-
buretors now on the market. Tests
already have proven this apparatus
and upwards of 130 miles have
been made on a gallon of gas. Mrs.
Jacob Walters, Jr., Grimsby East
is a brother of the inventor.

From March of 1941 to Novem-
ber 1942—20 months—the citizens
of this district, through their gen-
erosity, have supplied the Grimsby
boys overseas with no less than
253,000 cigarettes, through the
Chamber of Commerce Cigarette
Fund. There are little yellow boxes
on the counter in all stores where
you can drop your loose change
from your Christmas purchases,
if you wish to help keep the boys in
smokes. Or if you wish to make
a large donation "Cansons" Miliard
will be pleased to see you any time.

The death on Saturday last of
George M. Hendrie of Hamilton, in
New York, on his way to Florida
for the winter, caused Ald. Robert
Lewis to bring to light an almost
forgotten fact, that of the "Five
Johns" of Hamilton. When the
Cataract Power company came in
to being (later the D.P. & T. now
the Hydro) in the early 90's, it was
the first company in the world to
transmit electric energy a long
distance. That company was really
just five men, the "Five Johns";
John Patterson, the dreamer; and
originator of the idea; John Moore;
John Gibson; John Dickenson
and John Sutherland. "Bob's"
memory never fails him.

Town and township councils hold
their next and last meeting of the
year on December 15th.

Adherents of the United Church
at St. Ann's celebrated its 123rd
anniversary on Sunday last.

Beamsville Board of Education
have had to hire three new teach-
ers in the past month owing to
resignations.

The recruiting office for the
Canadian Women's Army Corp, in
Grimsby, has been closed. Pte.
Burton, who was in charge has
been transferred to St. Catharines.

Make plans and reservations for
holiday travel early then travel
light, is a wartime travel suggestion
offered by the Canadian National
Railways.

A Royal Canadian Navy Cor-
vette will be christened in the "City
of St. Catharines", in the Canadian
Naval dockyards at Esquimalt, B.C.
next Saturday.

The staff of the White Elephant
Shop desire to thank the people of

Road Supt. Thos. Mackie reports
that there is a great likelihood of
township council opening the town-
ship quarry for a 10-day or two
weeks' spell this month in order to
get out a quantity of stone for re-
pair work, while labor can be ob-
tained amongst the farmers.

A report compiled by P. V.
Smith, principal of Grimsby high
school, shows that over 90 per cent
of the pupils were engaged in either
farm service or war work during
the past summer. By the at-
tendance of 140, the report shows,
1,780 pupil weeks of work were
done.

Anniversary services were held
at St. John's Presbyterian church Sun-
day, with Rev. W. B. Mitchell,
of Dundas, conducting the morning
service and the Hamilton Gospel
team in charge for the evening.
The evening service at Trinity
United church was withdrawn so
that members might attend St.
John's. Appropriate music for the
occasion was sung by the choir.

SPORTOLOGY

By Bones Livingston, Sportologist

WHERE ARE THE BOYS of yesteryear? I don't mean the boys like Billy Brown Smith, Cap Gibson, Herb Hagar, Tom Duran, Bob Hughes, Fred VanDyke, Waxey Farrell, Smith McNinch, Penc. Teeter, Eddie Hand and a host of others, or the old boys at Beamsville, Billy Fairbrother, Geo. Robertson, Harry Robinson, Geo. Keiter, Lloyd Tuford, Chester Gibson or Boose Gibson or even Nanny Gibson, or Juhille (father of the Juhille boys) Billy Beatty, or any of the old Niagara District Loungers.

I don't mean any of the boys from either town, of the great and halcyon days of the Peach Kings. I know where all that crew are, and all that followed them up until the year 1938.

Where are boys—yes kids—of the winter of 1938? I'll tell you where they are. Riding the blue and salty waters of the Atlantic and the Pacific and every other water that is to be ridden; in England, Egypt, North Africa, or where ever else they have been sent flying the skies in all corners of the world. All in uniform. Playing a greater game than they ever played before.

In the winter of 1938 Grimsby Arena housed two teams of kids. All district kids. No cityites. One team, the Grimsby Independents, playing in the Ontario Juvenile Hockey Association. The other team, Grimsby Peach Pits, playing in the Junior "C" series of the O.H.A. They were only kids, some of them just out of swaddling clothes. They were good kids and good hockey players according to their age. Hardly one of them that would not have gone far in hockey had Hitler not taken it upon himself to rule the world.

They were good hockey players because the good free blood of the Empire flowed through their veins. They have proved that point beyond all contradiction, because every one of those two teams of kids is in uniform and the most of them overseas. Somewhere in one of the three armed services.

The names, ages as in 1938, and residence of those kids is printed below. Those without residency named, are Grimsby boys. Here they are:

GRIMSBY INDEPENDENTS—John Farrell, 16; Jack "Mush" Miller, 15, Thirty; Ralph "Pud" Reid, 16, Beamsville; Godfrey Neale, 16; Norman Warner, 15; Guy Winter, 17; Harry Hiltz, 15; Kenneth Warner, 17; Grant Duffield, 15; Reggie "Bung" Ferris, 16; Walter Hiltz, 16; Guy Bernardo, 15; Francis "Handsome" Craig, 16. — Just babies.

GRIMSBY PEACH PITS—Hymie Shanks, 17, Jordan Station; Bill Rooker, 16; Frank Markey, 18, Jordan; Dave Rolland, 18, Beamsville; Johnny Case, 18, Beamsville; Eric Seby, 18, Beamsville; Victor "Red" Mason, 18; Bert File, 18, Beamsville; Jack Blanchard, 18, Salt-Cast township; Charlie "Chuck" Wilcox, 18, Beamsville; Don Taylor, 17; Ted Bidwell, 18.—Not much more than babies.

There folks, are the boys of yesteryear. Not many years. Less than five. But they are proving their breeding and their Canadian training. Two teams of kid hockey players less than five years ago. Today two teams of fighting men somewhere on the allied fronts.

One of these lads, Bert File, of Beamsville, a son of Joe and Mrs. File and a nephew of Chief of Police Bill Turner, enlisted almost immediately war broke out. He was home on furlough last September, after chasing Heinrich, instead of pucks, all over the Eastern Front for seven months.

That's a swell record for any little town to have. 1938—two kid hockey teams, comprising 25 players going strong—1942, the same 25 players, still going strong (except Pia Juhille, who was killed at Dieppe), but in the uniform of their King, somewhere on the far flung battle lines of the world.

Of those two teams, the chief executive member of the Peach Pits, Major Frank Shoestring, has been long overseas. Of the Independents, George Silver, on the executive, Old Gee, has been overseas two years, his oldest son is in the R.C.A.F. and his daughter Alleyn, is in the C.W.A.C.

Those kids, all of them, or nearly all of them were Rink Rats. Now a Rink Rat is a kid, not a rodent. He's just a common, ordinary Canadian lad who wants to be where everything is going on and help in the goings on. The Arena has always been the mecca for kids. That's where they learned to play hockey and let me tell you something else, they learned to be good boys under the tutelage of Thomas Warner—Old Thomasine. The Old Clothes Man and 55 other names to me—but Thomas Warner, now Corp. Warner of the R.C.A.F. to you, or just Old Tom. They never learned anything had being a Rink Rat. They're proving that now.

SPORTS—Earl Marsh's baby is a full fledged man now, eligible to vote. The Arena was 21 years old on Tuesday. The first sod was turned December 1st, 1921. . . . "Uncle Bill" Howitt has completed 40 years of service as secretary of the O.H.A. Still going like wildfire. . . . With our old pal Dinty Moore, of Port Colborne, as the new presy of the O.H.A. it's too bad Grimsby will not be represented in the big association this winter. But you can't fight with a hockey stick and a gun at one and the same time. In this case if it wasn't for the gun there never would be any more hockey sticks in Canada. . . . Latest reports from Beamsville are to the effect that Mr. Sheppard has 27 kids out doing road work in preparation for his 28-mile team. Look out, Ruination, the Cobblers will yet yuh. . . . STOP PRESS: The Pro Bono Publico Dispatch Service, just brings in the information that Ollie Shaw found so many bullet holes in that deer hide, that he has changed his telephone number. It used to be 227—it's now 233—Superstitious?

The Valedictory address was given by Charles Ramsay, an honour graduate of Grimsby High School who "walked from Toronto" to do so. He spoke of the genuine willingness of the teachers to help the pupils and concluded with the statement, "In our hands lies the future—it is up to us to be prepared for the burden of responsibility which awaits us."

Later, the pupils and their friends enjoyed dancing in the gymnasium.

DO YOU
REMEMBER
TEN YEARS AGO

From The Files of Nov. 30, 1932
Messrs. Trapnell and Fleming, barristers, of St. Catharines, have opened an office in Grimsby at 25 Main street west.

The Men's Club of Trinity United Church has accepted an invitation extended by the Men's Club of St. Andrew's Church to be their guests on Thursday evening, December 8th.

Reeve Wilkins and Councillor Lewis, chairman of the Board of the Board of Works, inspected the Town disposal plant on Wednesday which is now being cleared out for a second time, enabling the town to operate the plant with increased efficiency.

The L.O.D.E. is in receipt of the sum of \$18.10 from the Oddfellows of Grimsby, the amount being raised through a series of card parties held. These funds will be used for relief and Christmas cheer.

Ford Mass Production in India

WORKING AT PEAK CAPACITY for many months past, Ford of Canada subsidiary plants in India have been turning out army trucks and other war machines for British forces. Pictured above is one of the assembly plants where native workers assemble military vehicles with all the precision and efficiency for which Ford plants are

famous the world over. Famous parts for assembly to its of Canada supplies not only in India, but in Australia, New Zealand, and South Africa as well. Utilizing the main Canadian plant all these overseas factors are fully engaged in producing equipment for the armed forces of the United Nations on all the fronts.

DO YOU REMEMBER TEN YEARS AGO

The Grimsby Arena which was taken over a few months ago by Niagara Packers Limited for operation as a central fruit packing plant, will be opened about the middle of December for hockey and skating during the winter months.

Four county young people, Madeline Colver, Wellandport; Letta Pottruff, Grimsby; Max Taylor, Smithville, and Joe Wimmer, Jordan Station, will join other teams of Ontario boys and girls in a trip to Ottawa Winter Fair.

The funeral of the late Hon. Richard Harcourt, distinguished Welland citizen and former Provincial Treasurer in the cabinet of Sir Oliver Mowat, took place from his residence in that city on Wednesday, burial being made in St. Andrew's churchyard, Grimsby.

The Liberal Association of Grimsby and North Grimsby held a very successful rally and smoker in Masonic Hall on Tuesday evening, with Mr. R. H. Kemp, ex-M.P.P., as speaker. The subject dealt with by Mr. Kemp was the grape growing industry in this country.

On Thursday evening last the Supreme Canons entertained their employees at the annual ball and supper which was held in Oddfellows Hall.

The members of Grimsby W. I. were entertained at Mrs. H. L. Gibson's home on Wednesday evening of last week. Progressive euchre was played and prizes won by Miss Purrose, Miss G. Beamer, C. Upper and M. Merritt.

In a spectacular fire early Saturday morning the fine home of Mr. and Mrs. Harry Campbell, on the highway west of Grimsby, fell a prey to the flames. The house, which was one of the most commodious and attractive in the district, was completely destroyed by fire.

A wedding of considerable local interest took place at Ottawa last

Saturday when Nellie, youngest daughter of Frederick and Mrs. Palmer, Grimsby, was united in marriage to Michael Nicholashen, of Courtois, Ontario. The ceremony was performed in the Ukrainian Presbyterian church in the colourful-Ukrainian custom.

The overturning of their boat by a big wave when they were returning from taking up some fishing nets opposite Grimsby Beach on Saturday, nearly cost the lives of two of Grimsby's youths, Edward and William Hand. Fortunately both were good swimmers, and although hampered by the heavy clothing they were wearing, they managed with great difficulty to reach the shore.

A happy event took place at the Supreme Cannery plant on Saturday last at the conclusion of the season's operations, when the employees gathered to bid farewell to each other and the management. Mr. Todd was presented with a handsome travelling bag, and Mr. Norman and Mr. Lawrence T-12, Miss McKane and Mr. Hill were each recipients of handsome mementoes.

Card of Thanks

The Grimsby Fire Department wish to take this opportunity of thanking the Udell Estate for the donation to the company in appreciation of their quick response to a fire on their property recently.

WAR-TIME TRAVEL TIP NO. 2

"NO HURRY—lots of time I have my TICKET!"

Who Man! He patronized the City Ticket Office well in advance and will avoid last minute rush and uncertainty of train time.

P.S. He's also travelling light in wartime to conserve available railway space.

CANADIAN NATIONAL

A STATEMENT

about

BUTTER

In spite of the fact that in some Canadian cities butter supplies recently have not been sufficient to meet the greatly increased demands, the situation does not constitute an emergency; nor is it as serious as some people seem to think. There are two main causes for these temporary and local shortages:

For the past year we have been consistently using 10% to 15% more butter than in normal times—with consequent disturbance to the distribution of our butter supplies.

Many people have been buying more butter than they currently need.

The limited nature of the present shortage is shown by the fact that if every home would reduce its consumption of butter by only one ounce per person per week (for the average home this means a quarter of a pound a week)—or if we reduced our national consumption to the peacetime rate—the shortage would soon disappear.

There is no Reason for Panic Buying

It is unpatriotic and unnecessary for housewives to rush out to beat their neighbours to the nearest grocery store. Butter will not be rationed to meet the present situation. Butter production is actually above normal for this time of year. The Board itself is taking special action which it is believed will speedily restore normal supplies in retail stores.

These supplies will however be adequate for norms' consumption, if housewives in all parts of Canada co-operate.

You can help in these ways:

Scrupulously avoid waste and extravagance. Waste is wrong at all times. In time of war it is sabotage.

Reduce present consumption of butter by at least one ounce per person per week—for the average home this means a quarter of a pound a week.)

Do not buy more than is needed for immediate use.
